

MAST Breeze

Volume 15, Issue 3

May-June 2010

A message from the Commodore

Its nearly arrived, the warm weather and the first race is just over a month away. Hands up who's boat is ready to go!

Before that arrives, as the new commodore, there are folks I would like to thank for leaving the MAST group in such a robust state. Oscar as the outgoing Commodore, Chuck as the Purser and Roger (who was last heard of heading for Belize in Reboot).

We have a terrific new team moving into this 36th year. Joining me is Ken Quant as Vice-commodore, Rick Schoos as the purser and Tom Heinrich as race Chairman. We already have in place Micki Reinardy as Yeoman, and Rip back running the MAST breeze.

Mast could also not run without a host of other "organizers" as well as an active membership including Jim Reinardy who updates the membership database, John Norman and Joe Duehmig for running and hosting the website. And we of course we can't forget Ernie being the "wizard behind the curtain" on the scoring.

As the new commodore I would like to continue in the direction the group has been taking over the last few years. We are a growing group and are continuing to expand as a major player in the sailing scene of the Milwaukee bay area. Our strength is in our membership.

I hope over the next few years to focus on:

- Strengthening our connections to other sailing organizations
- Participating in events that will bring more people to the sport of sailing.
- Continuing to promote social racing in a safe and secure manner.

Already in the first 2 months we have had a couple of great events. Chuck set up the Sunday brunch at the Silver Spring Country Club and Rip and MaryBeth ran the CPR re-certification course at Norman Design.

A couple of dates to add to your calendar.

The Skippers meeting will be on May the 12th at the North Pavilion by the round house.

The first race is 28th of May.

Mark your calendars for the Summer Sailstice on June 19th. We are looking for volunteers to spend part of the day manning the Poker run stations. Please contact Lisa Roeder or myself if you would like to help.
