

Hi Rip,

Make-A-Wish is an organization for children with life threatening illnesses and their families and offers opportunities to get away from the constant medical regiment. Yacht Blast for Kids is an event that brings the kids and their families down to the lake front for a day on the water. Last year was the first year and with less than ideal weather, Pogy, Jamboree, and Phantom participated in the event. After the outing, I was surprised by the number of SSYC and MAST members whose families were directly affected by the generosity of the Make-A-Wish program. People would see the banner on our bow or our T-shirts and start telling us about their experiences. I knew that the organization touched a large group of people, I just wasn't aware of the number who I associate with on a daily basis.

The Yacht Blast for Kids is scheduled for August 28, 2010 and the event planners look for people to take the Make-A-Wish kids/families for a ride in their boats. Could we inform our membership about the Make-A-Wish Yacht Blast for Kids outing if they would like to participate in the event?

Thank you.

Rick Schoos

Hello Captains!

Please reserve August 28, 2010 as the final date for this year's Make-A-Wish Yacht Blast for Kids. This year's event will be even bigger and better than last year! One exciting change for this year... I reserved the Pilot House top of the Discovery World Pier for the after party to be catered by Bartolottas. Spread the word to all your friends since we are looking for a another great turn out this year. If anyone is interested in helping out on recruiting boat owners or corporate sponsors, just let me know. I will be sending out marketing materials in spring. See you on the docks!
